

Promoting Tourism Together

Longford Tourism in collaboration with Longford Local Enterprise Office would like to invite all Tourism Providers to this free online networking event on [Tuesday 27th April from 10am -12pm.](#)

The theme of the event is “**promoting tourism together**”. The primary aim is to help **connect our tourism providers with Fáilte Ireland, the Ireland’s Hidden Heartlands brand, Longford Tourism and importantly with each other.**

Stronger connections between accommodation and activity providers will allow us to build more complex, interesting and interactive **itineraries**. Working together, cross-selling and knowing what we have to promote will help individual providers and help to **make the County more attractive to visitors**. The event will include a series of elevator pitches from Longford’s activity providers, a session on how to sell yourself and your business via social media and an opportunity to meet fellow tourism providers.

Interested in attending ?
